During the shower of Tready afternoon, the house occupied by Mrs. Huntington and W. H. Taylor was struck by lightning, but not seriously damaged.

—A brass band is being organized in this place. Twelve pieces are already assured and more will follow.

—While Prof. May was exhibiting his variety show here on Monday evening, July 25, a heavy shower came up, accompanied by thunder, lightning and wind. The tent was blown down, every light extinguished, the apparatus of the show nearly spoiled, and the spectators thoroughly drenched.

—Not long since, Roderick Porrester was the owner of a fine hierse valued at \$150. He sent a boy to the pasture to catch the horse; its mate, standing near, whoseled suddenly around and kicked it in the hind leg, breaking the limb, so that the animal had to be killed.

—The hay crop is good, but it is very bad weather to secure it.

Townshems.

—The Elyria. O., Contributor has this notice of the death of a native and former resident of thoroushend: 'Dexter Holbrook died of paralysis July 26, in the Soth year of his age. He was born in Townshend, Windham county, V., Aug. 1st, 1801. In his youth he attended the academy at Brattleboro, and for a time was accessfully engaged in teaching, and subsequently occupied positions of trust in his county. His happy genial disposition made him many friends in his beloved mountain boune to which he often referred during the last months of his life, as the dearest spot on earth. He married Jerusha Pomeroy of Fayetteville in 1829 and came to Ohio in 1835. Atthough vitally strong be was for many years a sufforer from rhoumstign. Despite this affliction he was a man of untiring industry. His desire to de something for himself or others continued to the heat moments of his life, was a constant attendant at church, together himself or others continued to the heat moments of his life, was a constant attendant at church, together himself or others continued to the heat moments of his life, was a constant attendant at church, together himself or others contin Townshend.

The Elyria. O., Contributor has this notice of the death of a native and former resident of Townshend: "Derter Holbrook died of paralysis July 2d, in the 80th year of his age. He was born in Townshend, Windham county, Vt., Aug. 1st, 1801. In his youth he attended the academy at Brattleboro, and for a time was successfully engaged in teaching, and subsequently occupied positions of trust in his county. His happy genial disposition made him many friends in his beloved mountain home to which he often referred during the last months of his life, as the dearest spot on earth. He married Jerusha Pomercy of Fayetteville in 1829 and came to Ohio in 1835. Although vitally strong he was for many years a sufferer from rhounstiam. Despite this affliction he was a man of untiring industry. His desire to do something for himself or others continued to the last moments of his life."

The school in district No. 3 closed last —The school in district No. 3 closed last week. The names of those pupils who at-tended school 12 weeks without being absent or tardy were as follows: Minnie Prouty, Kate Chaffee, Gracie Austin, Lyman Prouty, Robbie Greenwood. Nellie Mason and Edie Miles missed but one day each. Edie is but six years old and has walked three miles a day for the sake of going to school.

Wernon.

Daniel Newton had a valuable cow killed by lightning during one of the showers last week, and a shade-tree in Mrs. E. Howe's yard was also struck and completely denoted.

The Universalist Sunday-school will give their annual concert in the church next Sun-day evening at 7:30 o'clock. All are invited.

James Riley of Chicopee, a brakeman on an extra train of the River road, fell from the cars two miles below this place, last Friday, and was instantly killed, his body being hor-ribly mangled and torn to pleces. He was

about 20 years of age.

—H. B. Crowell of Bernardston, Mass., has leased for a term of years the store for-merly occupied by D. L. Preston, and has thoroughly refitted and refurnished it. In addition to his store, Mr. Crowell expects to have charge of the post-office.

—After spending a few days with friends A. H. Converse started Wednesday morning for his home at West Warren, Mass.

—John Paris, artist, has located his gal-lery opposite the Methodist church. We be-speak for him a liberal patronage. speak for him a liberal patronage.

—The village school in district No. 6, taught by Miss Gertie S. Eddy, closed July 29. The school register showed that 38 scholars attended school. Those having no tardy marks are Addie A. Clark, Mabel White, Nina Gleason, Ina S. Plumley and Herbert Eddy. The progress made by the scholars in their studies reflects much credit on the diligence of the teacher.

on the diligence of the teacher.

The tenth anniversary of the marriage of Mr. and Mrs. E. B. Bissell, which occurred Thursday evening, was made very pleasant by the gathering of 80 or more of their friends and relatives at their residence. A number of valuable gifts, consisting of a beautiful silver cake basket by Mr. and Mrs. J. H. Fullerton, two tidies by Gertie Morass, and \$18.25 in money by other relatives and friends, together with the congratulations of the company, were presented to the happy couple. Music, social intercourse and a bountiful supper made the occasion one of mach enjoyment. on the diligence of the teacher.

Westminster.

At a special school meeting held Tuesday evening in district No. 8, for the purpose of hearing the report of the committee on repairs of school building appointed at the annual meeting, and also for taking action on the same, it was decided to make extensive repairs, and a tax was voted of 50 cents on the dollar for that purpose. It is expected that this rate will raise about \$800.

—Quite a large party of our young people Westminster. -Quite a large party of our young people went to Spofford lake last Wednesday.

—Maple Grove Grange, No. 156, will hold a field meeting on the farm of Jerome Hol-den on Thursday, Aug. 11th, at 3 o'clock P. M. Essay, by J. Holden: Maple Leaf, edited by E. M. Gorbam; "How I make chiese," Mrs. J. B. Minard; "A look at the farm," by Mrs. H. P. Ranney, and tea. All

for a happy evening.

The Methodist people have decided on a plan for repairing their church, and design to begin work immediately. -Charles H. Parmelee has sold his share of the Smith farm to F. R. Smith.

—Lowis Lamb, the oldest man in town, passed quietly away on Friday morning, July 25th. He was born, December 26, 1791, in Wilmington, where his life, with the exception of a few weeks, was spent. His father, Jonathan Lamb, came from Worcester county, Mass., when a young man, and married Hanish Hamilton, where prevents, coming from dipping the blades in the mortified dead bodies of their enemies. All wounds from them are certain death.

—The statement of "Clara Belle," the fashion writer, that "during the coming seatiled before his majority upon the farm now seewed by Hiram Chase, in Mariboro. He sitewards emigrated with his family of 21 persons, with ox teams, to Susquehannah county. P.a., where he purchased lands of Stephen Girard, going to and from Philadelphia to foot for that purpose. His descendants are now numerous and presperous in that related to the county. P.a., where he purchased lands of Stephen Girard, going to and from Philadelphia to foot for that purpose. His descendants are now numerous and presperous in that related to the county. P.a., where he purchased lands of Stephen Girard, going to and from Philadelphia to foot for that purpose. His descendants are now numerous and presperous in that related to the legislature. It was a painful operation for that boy to ait down for a few days.

THE TEMPERANCE CAMPMETING.

The temperance compuseeting at Lyndonville had a wet day on Thursday, but the audience was larger than on Wednesday. Addresses were made by Revs. I. Meann of St.
Albans, Wallace of Manchester, N. H., A. B.
Truax of Brattishoro and others. On Friday,
"Governor's Day," there was a large attendance. The procession formed at the depet,
headed by the St. Johnsbury band, and moved to the residence of ex-Senator Thompson,
where Gov. Farnham was a guest. The band
tendered him a screnade, and Rev. C. B.
Hulbert of Lyndon welcomed him in behalf
of the citizons. Gov. Farnham responded
briefly for the honor done him, congravating
the people on the susembling of so many temperance workers in their middt. Referring to
President Garfield, he said: "Let me congratulate you and all the country that to-day we may
hope that our President is recovering and will
be restored to us. We all feel, no matter of
what party or section, such a sympathy as
never was felt for a President before, unless
it was for Abraham Lincoln. He is established more firmly in the hearts of the people
than he could have been under any other
circumstances, and we shall siways look upon
and revere and love the man." The Governor
was then escorted to the grove, where a large
number of people were assembled. The exercises were opened by music by the band,
when Gov. Farnham, as president of the day,
addressed the people. At a business meeting
in the afternoon, the association elected the
following officers: President, Frank Plumley,
Northfield; vice presidents, Gov. Farnham
of Bradford, Rev. C. P. Taplin and L. Gilman of St. Albans, Rev. E. Folsom of Lyndonville, Mrs. E. G. Greene of St. Albans;
secretary, George H. Richmond of Northfield;
treasurer, C. W. Wyman of Brattleboro;
finance committee, O. D. Edgarton of Northfield, L. C. Grandey of Lyndonville, George
T. Drew of North Danville; executive committee, J. Batchelder, Mrs. E. G. Greene,
Wm. Embry, L. Gilman. The meeting closed with a promenade concer

Johnsbury band.

—Ex-Governor J. Gregory Smith, president of the Central Vermont railroad, arrived at St. Albams on Saturday evening from his vacation trip of ten weeks in Europe. He was accompanied by his family, several members of whom have been abroad some years. Gov. Smith visited Great Britain, France, Germany and other parts of the continent, and is much improved in health. The party arrived in Quebec Saturday morning on the Parisian.

A photograph was ne-cently taken for the New York Graphic. -Rev. H. H. Hamilton returns this week -- Miss Maggie Moran of Leeds, P. Q., aged 25, took corrosive sublimate by mistake at McIndoes last week and died Monday night, after intense suffering. -The Congregational society have bought a large, nice organ from a church in Spring-field, Mass., and it will be set up as soon as a place can be built for it in the rear of the pul-pit. Its size is 14x11\frac{1}{2} feet, and 16 feet high. Their old organ, which would answer well for a smaller church, is for sale cheap.

completed ninety-two years. He retained his mental faculties to the last and calmly waited the summens to a better life. Mr. Smith had resided in Greenfield since 1863, when he removed from Deerfield, where he had lived some fourteen years. He was born in Rove. working day, consuming therein 13,540 bushels of corn, and preparing for missionary service 1104 devils' apostles called barrels. To grow that day's supply of corn for whiskey required 310 acres of ground yielding an average of 50 bushels to the acre. A pretty wide waste that. The whole produce of nearly one-half square mile for a year is turned into whiskey in one day. It would take three middling good farms, and all they could raise at that, to run these mills one day. A year's supply of grain would take the entire produce of 84,480 acres, or about one-third of Marion county. And that would supply only one distillery or collection of distilleries. There are two or three of these beingn institutions that use 16,000 bushels a some fourteen years. He was born in Rowe, Mass., Aug. 1783, graduated at Brown University in 1812, and was ordained to the ministry in 1814. By date of ordination he was the senior Unitarian minister in the country, which position is now taken by Rev. John Wight of Wayland, Mass., who was ordained in 1815. Mr. Smith's first settlement was in Pembroke. He was pastor of the Unitarian church in Warwick about 30 years. —The D. L. Moody Bible convocation at Northfield began Wednesday afternoon, and will continue until Sept. 1. The town has well as in the seminary.

—A telograph station has just been put in at this place, which will be a great convenience for both residents and visitors. nelicent service amounts to 4,324,000 bushels it a year, which would make 1,000,000 barrels of neal and feed abundantly and healthfully about 500,000 starving Irish a half a year. If none of it were put through the moral process of distillation, the meal would be cheaper to the poor people who live on it, and the whiskey would be considerably dearer to the beatified souls who die on it. Bernardston, Mass.

—A hundred or more of the friends of Prof. Jackson and bride surprised them on Tuesday evening with their presence and their happy skill in devising the essentials for a harve exercise.

to larve. In the atomache of fifteen moles captured in different localities, not the slight-ast trace of vegetable matter could be found. He shut up two moles in a box in which fresh Crowell & Son and opened a store at West Northfield, Henry Crowell taking his place in grass was growing, and also inclosed in the same box a case of grubs and earthworms. The moles devoured 341 white worms or grubs, 193 earth worms, 25 caterpillars, and a mouse—bomes, skin, and all—in nine days. He next —Quite a number of people attended the opening session of Mr. Moody's 30-days meeting at Northfield on Wednesday. gave them raw mest cut in small pieces, and mixed with chopped vegetables. The moles ate the meat but did not touch the vegetables; and when vegetables alone were given them the animals soon died of starvation. It has —When a Russian passes a funeral in the street he devoully makes the sign of the cross and utters a prayer that the departed soul may rest in Heaven. seen computed that a single mole may destroy 20,000 grubs in a single year.

DECKER BROTHERS **PIANOS** 

ESTEY ORGANS.

CHAS. W. STEWART, Sole Agent,

New Warerooms, New Bank Block, Brattleboro, Vt.

The Decker Bros. Planes are achrowledged by all leading artists to be the best planes made.

The makers are practical men, who give their personal attention to their business. Every part of their instruments is made in their own factory by skilled workmen. They own and control many patents and valuable improvements in Plane-fortes.

Becker Bros. Planes stand in time much longer than any other planes. Their tone is the purson, weets and most durable and voluable planes in the world. Large numbers of these planes have been sold in the best families in Vermant, and in every instance they have given perfect satisfaction. They are made in all styles—Grand, fiquare and Upright. The Decker Upright Planes, as now perfected, give invariable satisfaction.

REMEMBER That a cheap piane will always prove a poor piane, and a poor piane to dear at any price.

THE ESTEY ORGANS

Need no recommendation in Vermont. They are the most thoroughly made and finished, they contain ev-ery desirable improvement, and The World Over They Are THE BEST.

A WILMINOTON BOY IN CHICAGO.

(From a letter to the Argus and Patriot.)

—The name Smith is not peculiar to any state, or any part of the world, that I am aware of. It is, however, an ancestral name in Vermont. It represents there some of the best of the good old England stock. Capt. W. H. Smith, a lawyer in this city, is of this stock. His grandfather on both sides lived and died in Wilmington, where he was born in 1835, on a farm, and worked at farming until twenty years of age; his father was Reuel Smith, a well-known farmer there. William attended West Brattleborn scadeny and Leland and Gray seminary, where he graduated in 1858, when he entered the law office of Hon. A. Stoddard of Townshend, a well-known lawyer in Vermont. In the fall of 1851 he enlisted in the army of the 8th Regiment Vermont Volunteers, Company H, and was promoted to First Lieutenant of Co. P, same regiment, in 1863, and to Captain in 1864. He was admitted to the Windham county bar while here on a veteran furlough in the spring of 1864. June 22, 1862, he was wounded in the arm at Raceland, La., and the leaden ball still romains there; was at the siege of Port Hudson and the several battless in that vicinity, and through the campaigns under Generale Butler and Bauks, and with General Sheridan in the Shenandosh Valley campaign. At the battle of Cedar Creek, Ostober 19, 1864, he was severely wounded in the hip, and also received a scalp wound, and was laid up for several months in consequence. When he had recovered he was ordered by the Secretary of War to New Haven, Conn., on detached service, in the draft readervous and general hospital for three states, which was located there, being appointed commissary and ordinance officer for the Post; was mustered out in July, 1865, —The annual muster of the 1st regiment stional guard of Vermont will be at Butland

three states, which was located there, being appointed commissary and ordnance officer for the Post; was mustered out in July, 1865, when he turned over to the government a large amount of property, and made an honorable and full adjustment of his accounts with all the departments. He returned home and remained during the summer, and in the fall wont to Missiasippi and engaged in cotton raising, but because of various mishaps he met with reverses, and, on the whole, was unsuccessful. He returned North in 1866, and, coming to Chicago, engaged in the grain business, operating on the Board of Trade for three years; then ougaged in the real estate and loan business for a few months, when the great fire came, and he was one of its victims, losing largely. After the fire he engaged in his profession, in handling properties for different parties and placing loans; he is so engaged now, and is meeting with —St. Andrews Episcopal church at St. Johnsbury, was consecrated Wednesday.

Whiskey vs. Corn. The Indianapolis News, taking for a text an item that "The Peeria distilleries used 352, 1688 bushels of grain in June and produced 1,416,463 gallons of spirits," deduces some interesting and startling calculations from these figures. First, says the News, we see that a bushel of corn will make about four gallons of whiskey. Next, that the Peeria distilleries alone make 54,160 gallons every working day, consuming therein 13,540 bushvorking day, consuming therein 13,540 bush cillerica. There are two or three of these be-nign institutions that use 16,000 bushels a day. Those of Peoria, at the rate of produc-tion for June, will turn out in a year 16,895,-000 gallons, or 422,400 barrels, each one of which may be safely calculated to make a family fight, to leave a sick wife helpless, to bury a neglected child, or kill somebody, us-nally a wife. The corn that goes to the be-neficent service amounts to 4,224,000 bushels in a year, which would make 1,000,000 bar-

Prof. Weber, a distinguished naturalist of Zurich, Rwitzerland, performed some inter-esting experiments with moles to prove their carniverous character and their destructivness

The First Watch.—At first, the watch was about the size of a dessert plate. It had weights, and was used as a "pocket clock." The earliest known use of the modern name occurs in the record of 1552, which mentions that Edward VI. had "one alarm or watch of iron, the case being likewise of iron gilt, with two plummets of lead." The first watch may readily be supposed to be of rude construction. The first great improvement—the substitution of springs for weights—was in 1560. The earliest springs were not colled, but only straight pieces of steel. Early watches had only one hand; and, being wound up twice a day, they could not be expected to keep the time nearer than widfin fifteen or twenty minutes in twelve hours. The dists were of silver and brass. The cases had no crystals, but opened at the back and front, and were four or five inches in diameter. A plain watch cost more than fifteen bundred dollars, and after one was ordered it took a year to make it. year to make it. -Six tons of fish are said to have been taksn out of Willoughby lake, in Orleans Co., this season. It is probably a fish story.

BONOFULA.—A medicine that destroys the germs of scrothis, and has the power to root it out, is appreci-ated by the afflicted. The remarkable cures of men, women and children, as described by testimonial, prove Bond's Euraparilla a reliable medicine, contain-ing remedial agents which evaduate scrothis from the blood. 100 doses 31. Bold by all desicre. C. I. Boon & Co., Lowell, Mass. Guiteau used to tell fortunes in Texas.

Easily Proven.

It is easily proven that malarisi fevers, constitution or pidity of the liver and kidneys, general debility or unusuess and neuralgic all monts yield readily to the read disease-conqueror, Hop littlers. It repairs the wages of disease by converting the food into rici food, and B gives new life and vigor to the aged an utirm, always. Parents must not not raint if their shoe him are double what they need be, and at the same time their children's toes are ragged, if they neglect to buy shoes which have improvements that protect them from wear at the toe, and that are not objectionable in any way. The A.S. T. Co. Black Tip prevents all these with.

As source remedy for sick headache, sour stomach, dyspepsis, indigestion, constitution, torpid liver, billionness, stel, no medicine is equal to Dr. Harvier's Maudrake Bitters. N. H. Downs' Efficir is the oldest and best cough remedy in existence. Hermises, scales, borns, sprains, cuts, etc., either on man or beast, are speedly cured by the use of Heavy & Johnson's Arnica and Oil Limment.

Try Dr. Eton's Sulphur Remedy For the prevention and sure cure of Diphtheria and Jancers. This remardy destroys the parasite in these lessace, and cures discretations as if by magic. Plut posities 75 cents, or 96 per doren. Agents wanted. For medicine or circulars andress DR. ROE. Gen'l Agent, 388 Broadway, New York City.

Assume Alexandrian Mass., Jan. 14, 1881.

I have been very sick over two years. They all gave me up as past ours. I tried the most skillful physicians, but they did not reach the worst part. The lungs and beart would fill up every right and distress me, and my throat was very took. I told my children in ever should die in peace until I had tried Hop Bitters. I have taken two bottles. They have helped my every much indeed. I am now well. There was a lot of sick folks here who have seen how they belied my and they meet them and are cured, and feel as their-ful as I do that there is so valuable a medicins made.

Is designed to meet the wants of a large por-tion of our people who are either too poor to employ a physician, or are too far removed to easily call one, and a still larger class who are not sick enough to require medical advice, and yet are out of sorts and need a medicine to build them up, give them an ap-petite, purity their blood, and oil up the ma-chinery of their bodies so it will do its duty willingly. No other article takes hold of the system and hits exactly the spot-like HOOD'S SARSAPARILLA It works like imagic, reaching every part of the human body through the blood, giving to all renewed life and energy.

My friend, you need not take our word. Ask your neighbor, who has just taken one bottle. He will tell you that "It's the best dollar I ever invested."

MESSAGE OF THE STATE OF THE STA

ggr A gentleman who Gained
